STATEMENT OF OBJECTS AND REASONS.

India is one of the world's principal producers of oilseeds. In view of the importance of oilseeds in the national economy, it is considered necessary to put oilseeds research, development and technology on a more permanent basis than it is at present. Accordingly it is proposed to set up an Indian Oilseeds Committee on the lines of other similar commodity committees such as the Indian Central Cotton Committee and the Indian Lac Cess Committee. The Committee which will have on it representatives of all the important interests concerned will devote exclusive attention to all problems connected with the improvement and development of the cultivation and marketing of oilseeds, the production and marketing of their products and all matters incidental thereto. Since it is desirable that the Committee should have an independent source of income, it is proposed that as in the case of other similar Committees, funds should be provided by the levy of an excise duty at the rate of one anna per maund of oilseeds crushed in power-operated mills in British India.

2. A Bill was accordingly introduced in the last Legislative Assembly to provide for the creation of a fund to be expended by a committee specially constituted for the improvement and development of the cultivation and marketing of oilseeds and oilseed products. The last Legislative Assembly referred the Bill to a Select Committee, which met at Simla on the 16th June 1945. The report of the Select Committee could not be presented as the last Legislative Assembly was dissolved. The Bill, which is now being reintroduced in the present Legislative Assembly, incorporates various amendments suggested by the Select Committee of the last Legislative Assembly. A few other minor changes, considered necessary as a result of the working of other similar Acts, have also been made in the Bill.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 21st February, 1946:—

L. A. BILL No. 19 OF 1946.

A Bill to provide for the special protection in respect of civil and revenue litigation of serving merchant seamen.

WHEREAS it is expedient to provide for special protection in respect of civil and revenue litigation of serving merchant seamen;

It is hereby enacted as follows:—

1. Short title, extent and commencement.—(*1*) This Act may be called the Merchant Seamen (Litigation) Act, 1946.

(*2*) It extends to the whole of British India.

(*3*) It shall come into force on such date as the Central Government may, by notification in the official Gazette, appoint.

2 Interpretation.—(*1*) In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "agreement" means articles of agreement entered into by a seaman whereby he engages himself to serve on board seagoing ships;

(*b*) "Court" means a Civil or Revenue Court;

(*c*) "master" means a person, other than a pilot or harbour master, having command or charge of a sea-going ship;

(*d*) "prescribed" means prescribed by rules made under this Act;

(*e*) "proceeding" includes any suit, appeal or application;

(*f*) "seaman" means every person, other than a person subject to naval law, who is ordinarily employed or engaged under an agreement on board any sea-going ship in any capacity, other than that of pilot or apprentice but including that of master;

(*g*) "shipping master" means, in relation to any seaman; a shipping master appointed—

(*i*) for the port at which the seaman entered into, or is believed to have entered into, an agreement, or

(*ii*) where the seaman did not enter into his agreement in British India, for the port to which the seaman has returned, or is expected to return, on the completion of his latest voyage,

and includes a deputy shipping master or any person carrying out the functions of a shipping master.

(*2*) For the purposes of this Act a seaman shall be deemed to be a serving seaman during any period commencing on the date on which he enters into an agreement and ending thirty days after the date on which he is finally discharged from such agreement.

3. Particulars to be furnished in plaints, etc.—If any person presenting any plaint, application or appeal to any Court has reason to believe that any adverse party is a serving seaman, he shall make a statement accordingly in the plaint, application or appeal.

4. Power of Collector to intervene in case of unrepresented seaman.—If any Collector has reason to believe that any seaman who ordinarily resides or has property in his district and who is a party to any proceeding pending before any Court, is unable to appear therein, the Collector may certify the facts in the prescribed manner to the Court.

5. Notice to be given in case of unrepresented seaman.—If a Collector has certified under section 4, or if a Court has reason to believe, that a seaman who is a party to any proceeding before the Court, is unable to appear therein, the Court shall suspend the proceeding and shall give notice thereof in the prescribed manner to the shipping master:

Provided that the Court may refrain from suspending the proceeding and issuing the notice—

(*a*) if the proceeding is one instituted or made by the seaman, along or conjointly with others, with the object of enforcing a right of pre-emption, or

(*b*) if the interests of the seaman in the proceeding are, in the opinion of the Court, either identical with those of any other party thereto and adequately represented by such other party, or merely of a formal nature.

6. Postponement of proceedings.—(*1*) If on receipt of a notice under section 5, the shipping master certifies to the Court in the prescribed manner that the seaman is a serving seaman, the Court shall thereupon postpone the proceeding in respect of the seaman for the prescribed period, or if no period has been prescribed, for such period as it thinks fit:

Provided that if by reason of the continued absence of the seaman the question of any further postponement of the proceeding in respect of the seaman arises, the Court sha'l in deciding the question have regard to the purposes of this Act

(*2*) If the shipping master either certifies that the seaman is not for the time being a serving seaman or fails within two months from the date of the issue of the notice under section 5 to certify that the seaman is a serving seaman, the Court may, if it thinks fit, continue the proceeding.

7. Power to set aside decrees and orders passed against serving seaman.—(*1*) Where in any proceeding before a Court a decree or order has been passed against any seaman while he was a serving seaman, the seaman may apply to the said Court to have the decree or order set aside, and if the Court, after giving an opportunity to the opposite party of being heard, is satisfied that the interests of justice require that the decree or order should be set aside as against the seaman, the Court shall, subject to such conditions, if any, as it thinks fit to impose, make an order accordingly.

(*2*) The period of limitation for an application under sub-section (*1*) shall be sixty days from the date on which the seaman first ceases to be a serving seaman after the passing of the decree or order, or where the summons or notice was not duly served on the seaman in the proceeding in which the decree or order was passed, from the date on which the applicant had knowledge of the decree or order, whichever is later; and the provisions of section 5 of the Indian Limitation Act, 1908 (IX of 1908) shall apply to such applications.

(*3*) Where the decree or order in respect of which an app'ication under sub-section (*1*) is made is of such a nature that it cannot be set aside as against the seaman only, it may be set aside as against all or any of the parties against whom it was made.

(*4*) Where a Court sets aside a decree or order under this section, it shall appoint a day for proceeding with the suit, appeal or application, as the case may be, in respect of which the decree or order was passed.

8. Modification of law of limitation where seaman is a party.—In computing the period of limitation provided in this Act or in the Indian Limitation Act, 1908 (IX of 1908), or in any other law for the time being in force, for any suit, appeal or application to a Court (other than one instituted or made with the object of enforcing a right of pre-emption) to which a seaman is a party, the period or periods during which the seaman has been a serving seaman shall be excluded.

9. Reference in matters of doubt to shipping masters.—If any Court is in doubt whether, for the purposes of section 7 or section 8, a seaman is or was at any particular time or during any particular period a serving seaman, it may refer the question to the shipping master, and the certificate of the shipping master shall be conclusive evidence on the question.

10. Power to make rules.—The Central Government, after consulting the High Courts concerned, may by notification in the official Gazette make rules to provide for all or any of the following matters, namely:—

(*a*) the manner and form in which any notice or certificate under this Act shall be given;

(*b*) the period for which proceedings or any class of proceedings shall be postponed under sub-section (*1*) of section 6;

(*c*) any other matter which is to be or may be prescribed, and generally, any matters incidental to the purposes of this Act.

STATEMENT OF OBJECTS AND REASONS.

The Indian Soldiers (Litigation) Act, 1925 confers special protection in respect of civil and revenue litigation on Indian soldiers serving under certain conditions. The provisions of this Act have, by subsequent amendments, been made applicable to Indian sailors in the service of His Majesty. No means are, however, available for the application of the provisions of this Act to merchant seaman, who though not serving under His Majesty, render as vital services to the community as members of His Majesty's Armed Forces and during the period of their service suffer from the same disabilities in the matter of protecting their property and civil rights. They also deserve during their absence on service the same protection as has been accorded to the Army and the Navy in respect of civil and revenue litigation. It is with the object of providing this protection that this Bill has been prepared.

Provincial Governments and minor Administrations consulted are all in favour of the proposed Bill.

Generally speaking, the same measure of protection has been afforded to merchant marine seamen as is available to members of the Armed Forces, subject to one important departure, namely, that whereas in that case there is no limit to the number of times a suit or proceeding can be compulsorily postponed, in the case of merchant seaman it is proposed that there shall be only one compulsory postponement and subsequent postponements shall be at the discretion of the court before which the case is being tried. This distinction has been made in view of the fact that a merchant seaman is not compelled to the same extent as a member of His Majesty's Forces, to be absent from his home for long periods.

GOVERNMENT OF INDIA.

The following Bill was introduced in the Legislative Assembly, on the 30th March, 1946:—

L. A. BILL NO. 33 OF 1946.

A Bill further to amend the Indian Soldiers (Litigation) Act, 1925.

WHEREAS it is expedient further to amend the Indian Soldiers (Litigation) Act, 1925 (IV of 1925), for the purpose hereinafter appearing;

It is hereby enacted as follows:—

1. Short title.—This Act may be called the Indian Soldiers (Litigation) Amendment Act, 1946.

2. Amendment of section 11, Act IV of 1925.—In the proviso to section 11 of the Indian Soldiers (Litigation) Act, 1925, for the words "subject to such modifications, if any", the words "in such circumstances," shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

It is considered that the benefit of the extended limitation conferred by the exception to the proviso to section 11 of the Indian Soldiers (Litigation) Act, 1925, should be restricted to suits in which the right of pre-emption which a "soldier" wishes to enforce on his return is in respect of agricultural land, and which arises from the soldier being a lineal descendant or an agnate of the vendor.

The amendment made by this Bill will enable directions in this sense to be issued.

DEPARTMENT OF INDUSTRIES AND SUPPLIES.

RESOLUTION.

New Delhi, the 4th May 1946.

Expansion of the Cotton Textile Industry.

No. 205-TA/45.—In February 1945 the Government of India appointed a Committee to prepare a plan for the development of the Indian Cotton Textile Industry. Their Report, submitted in November 1945, is now published for general information.

2. The Government of India wish in the first place to congratulate the Committee on a notably clear and able report which will contribute greatly to the understanding of the problems of this great industry, and to express their gratitude for the public spirit as well as the competence shown by the Committee.

The Government of India are in substantial agreement with the Committee and the differences of view on certain aspects discussed below do not affect the fundamental scheme for expansion which the Committee have proposed.

3. The Government of India agree with the Committee that for the next few years it will not be possible to procure enough machinery to support an expansion of more than 1,700 million yards per annum of cloth. Like the Committee the Govern ment of India would have preferred a greater expansion, but on a consideration of the probable availability of textile machinery in the near future there is no alternative but to plan for the present on the basis of the target recommended by the Committee. The plan will in the present circumstances be an interim plan and it is the intention of the Government of India to review it when world economic conditions or other circumstances make a review desirable.

4. The Committee recommend in essence that expansion should be distributed all over India. With this recommendation the Government of India are in entire agreement, and they have accepted with some minor modifications the detailed suggestions of the Committee for the allocation of new spindlage in the various zones. The Annexure to this Resolution shows the final detailed allocation decided upon. In addition to the allocation shown in this annexure, it is proposed to allot some 130,000 spindles for the purpose of expansion of small mills in various States in the South Deficit Zone and in the Rajputana Deficit Zone.

5. The Committee have taken the view that the amount of "free" yarn at present available from India's mill production is adequate for the needs of handloom weavers and other consumers of yarn. The Government of India, however, think it necessary to ensure increased supplies of yarn for handloom weavers and other consumers, and have to this end directed that at least 25 per cent. of the new spindles installed shall be left uncovered by looms. Each British Indian Province and Indian State would of course be the best assessor of its own exact needs, and the Government of India propose therefore that the Provinces and States, may, if so advised, reserve a larger spindlage for such purposes.

6. The Committee have recommended a reduction in the duty of foreign cotton, and a full rebate of import duty paid on cotton for the benefit of India's export trade. The Government of India do not consider that these measures are justified in the present non-competitive conditions of world trade; but they will review the matter on the lines recommended by the Committee when competitive conditions return, in order that the Indian export trade may be enabled to compete in world markets on equal terms with other countries.

7. The Committee recommended in paragraph 9 of their Report that the import of second-hand productive machinery should be prohibited. Since it will be some years before India can produce enough cloth for her own requirements, the Government of India have not been able to accept this recommendation; they will allow import licences for second-hand productive machinery for the present if they are fully satisfied that the machinery in question will be serviceable for a reasonable period and suitable for economic production.

8. The Committee have recommended that import of certain machinery should be permitted freely from any country in the world. Having regard to existing currency difficulties, the Government of India consider that import of plant from countries in respect of which they exist should be permitted only when there is reason to believe that the plant will be delivered appreciably earlier or

Dacca, the 25th May 1946.

will be considerably cheaper or better than if obtained from the sterling area.

9. The Committee have recommended that where the replacement of existing by new plant is allowed, the replaced plant should be scrapped. While the Government of India appreciate the force of the Committee's recommendation on this point, they cannot see their way, in the present conditions of cloth shortage, to accepting it in toto. But they will urge on Provincial and State Governments the desirability of preventing the use by mills of inefficient and uneconomic plants.

10. In paragraph 23(c) of their Report the Committee recommend that applications for import licences received after the 30th September, 1945, should be excluded. The Government of India have not accepted this recommendation because they feel that the relevant press advertisements did not come in good time to the attention of all industrialists concerned.

11. The Committee have modified the recommendation made in paragraph 24 of their Report, and now recommend that the Government of India should indicate to manufacturers that priority should be given to orders for expansion and new mills over orders for replacement of existing machinery. The Government of India accept this recommendation.

12. The Committee have pointed out in their Report that the present prices of textile machinery manufactured by firms in the United Kingdom are high. The Government of India agree that this is so, and will endeavour to obtain a reduction in those prices.

13. Subject to what is contained in this Resolution, the Government of India accept the recommendations made in the Committee's Report.

ORDER.—Ordered that a copy of the above Resolution be communicated to all Provincial Governments and Administrations, all Departments of the Government of India, the Political Department, The Director General of Commercial Intelligence and Statistics, the Central Board of Revenue, the Indian Trade Commissioners, the High Commissioner for India, London, His Majesty's Trade Commissioner in India and all Chambers of Commerce.

Ordered also that it be published in the *Gazette of India*.
